# USE YOUR VOLTZ VERTICAL FARMING CUSTOMER ACCOUNT TO MAKE YOUR PURCHASES

The screenshot displays the website interface for Gustosa basil seeds. At the top, there are navigation links for 'Herbs', 'Greens', and 'Microgreens', along with 'My Account' and a shopping cart icon. The main content area features a large image of basil leaves on the left. The product name 'GUSTOSA' is prominently displayed, with its reference number '058079LNG'. A detailed description follows, highlighting its compact growth habit and spicy flavor. Key metrics are listed: 2-3 days to harvest, 23-25 days to maturity, 1.7-2.4 kg/m²/cycle yield, and 521,000 seeds/kg. A delivery promise of '24/48h for European countries' is also shown. Below this, there are buttons for 'Order', 'Quote', and 'Sample'. The 'Order' section includes a dropdown for '1. Select commercial form' (set to 'Untreated Seeds') and a quantity selector for '2. Select a quantity' (set to 'Min 5 K Seeds'). A price table at the bottom shows options for 5K, 10K, 50K, and 100K seeds with their respective prices. A '+ Select packet size' button is located at the bottom left.

## GUSTOSA

Référence : 058079LNG

**Gustosa** is our selection of compact basil for indoor production in pot. Very uniform variety, with a deep dark green colour. **Gustosa** is a typical Genovese type, with dome-shaped leaves. **Gustosa** has a high intensity in odour and taste, with an extra spicy note.

2-3 days 23-25 days 1,7-2,4 kg/m²/cycle 521 000 seeds/kg

Delivery in 24/48h for European countries
